CABseal clean Frames

Split cable entry frame

Grommets can be freely positioned in the frame.

Choose from a wide range of cable grommets.

- Reliable sealing of cables with IP 65 / IP 66 protection
- Blind grommets and plugs also available
- Spring/groove contour of the cable grommet prevents incorrect assembly
- Flexible sealing lip geometry allows compensation of cable tolerances
- For cable cross-sections from 3 to 16 mm
- Temperature-resistant from -40°C to +100°C
- Temperature-resistant from -40°C to +100°C

Specification

MATERIAL	Polyamide 6 (PA6)
INGRESS PROTECTION	IP65 / IP66
TEMPERATURE RANGE	-40°C...+100°C
COLOUR	Blue
